

The Composure™ Pressure Ulcer Treatment Mattress.

COMPOSURE+
MATTRESS
Stability Under Pressure™

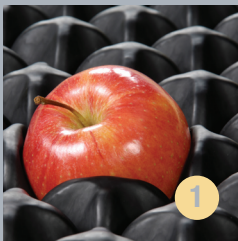

Proven Pressure Ulcer Treatment, Designed to Keep Your Patients Safer, and Make Your Life Easier.

Pressure ulcers and bed safety are two of the highest cost, highest-risk problems in today's health care institutions.

Now, one product can solve both problems. The new Composure™ Pressure Ulcer Treatment Mattress from Kreg Therapeutics.

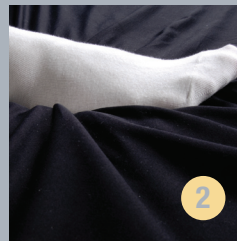

*Patents Pending

Independent Vertical Air Cell Sections

Reduce surface tension and conform precisely to bony prominences, especially heels.

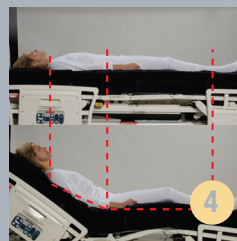

Unique Stretch Coverlet Fabric

Prevents "hammocking"; allows full immersion into the treatment surface, is breathable and waterproof.

Exclusive FirmForm™ Edge System

Will not deform or compress under pressure. This will help reduce falls and entrapment.

Less Patient Sliding

Independent air cells hug the patient and minimize patient sliding.
